

**MĀORI LAND COURT**

**Place:** Gisborne  
**Present:** C L Fox, Acting Chief Judge  
 A Nyman, Clerk of the Court  
 D Kennedy, Court assistant  
**Date:** 4 May 2023  
**Panui No:** SP 1    **Application No:** A20230008312  
**Subject:** Appointment of Māori Trustee as Agent to assess damage from Cyclone Gabrielle  
**Legislation:** Section 183(6)(f) and (h), Te Ture Whenua Māori Act 1993  
**Also Present:** Greg Shaw (Te Tumu Paeroa), Martin Eadie (Te Tumu Paeroa)

Details of the applicant are as follows:

<u>Applicant</u>	<u>Address</u>
Māori Trustee	Level 3, 110 Featherston Street, Wellington

**E A South, Deputy Registrar:** The Māori Trustee has lodged an application pursuant to Section 183(f) and (h) of Te Ture Whenua Māori Act 1993 to be appointed agent for the owners of the lands listed in the schedule to the application for the purpose of entering onto the lands with or without professional advisers to carry out a physical inspection and assessment of the extent of damage to the land and its improvements caused by Cyclone Gabrielle. The cost of the Māori Trustee and its advisers is to be met by the Crown or the Māori Trustee.

The lands listed in schedule 1 of the application are in close proximity to the lands the Māori Trustee administers which she has information to believe have been the subject of moderate or heavy damage caused by the cyclone. The Māori Trustee intends to co-ordinate the physical inspection and assessment of the lands which will assist the Māori Trustee in its discussions with the Crown around recovery support for whenua Māori including support for unadministered whenua.

**TRANSCRIPTION OF RECORDED HEARING:**

**Court:** Kia ora korua, tēnei te mihi atu ki a korua. To ensure the transcript is grammatically correct there have been some minor edits to these minutes pursuant to s 86.

Thank you for making yourselves available to talk about this special application. I understand it has been lodged pursuant to section 183(6)(f) and (h) of Te Ture Whenua Māori Act 1993 seeking for the Māori Trustee to be appointed Agent for the owners of lands listed in the schedule that you've supplied. It was made for the purpose of entering onto the land with or without professional advisors to carry out an inspection and an assessment of the extent of damage to the land and its improvements caused by Cyclone Gabrielle. As I understand it the costs of the Māori Trustee and its advisors will be met by the Crown or the Māori Trustee not the owners and the lands listed in schedule 1 of the application are in close proximity to the lands the Māori Trustee administers. As a result it is believed they have been the subject of moderate or heavy damage caused by the cyclone. The Māori Trustee intends to co-ordinate the physical inspections of the land to assist the Māori Trustee in its discussions with the Crown about recovery support of

whenua Māori including support of unadministered whenua or Māori land. So that's what I understand the application is about. I just had a look at the Act. I can appoint the Māori Trustee for the purpose specified under (f) and (h), so long as the matters listed under subsection 5 of the Act are addressed. So subsection 5 says:

(5) *The court shall not appoint any individual or body to be an agent of the owners under this section unless it is satisfied:*

(a) *that the individual or body has sufficient ability, experience, and knowledge to carry out the duties involved satisfactorily;*

**Court:** Well you obviously do, so that's okay.

*(c) that you consent to the appointment;*

**Court:** That's okay. The sticky point is

*(b) that the appointment of the individual or body would be broadly acceptable to the owners;*

**Court:** Now we have no evidence of that, but what I can do is make the order specify that should any owner not agree to your entry they're entitled to stop you and you will have to come back and seek further directions from the Court.

**Greg Shaw:** Yes your Honour, that would be sensible. We certainly won't be continuing to attempt to enter the land if we were met by any objections. Obviously, we'd like to explain to anybody who is on the land the purpose of the visit and would hope that they would be willing to facilitate it, but if not, we won't be pressing that issue. So practically I don't think there's an issue. I think the theme of the section may be met where it's not practicable to bring the questions before owners due to the urgency. The Court has jurisdiction to proceed so as your Honour is intending to do. So practically your Honour yes, we certainly won't be progressing any inspections if there is an objection.

**Court:** Alright, in that case I'm happy to grant the orders as sought and in accordance with section 183(6)(f) and (h) setting out the purposes of orders as follows.

**Greg Shaw:** Your Honour to engage professional or technical advisors, your honour.

**Court:** I'm going to do that after I do (h).

**Greg Shaw:** Thank you your Honour

**Court:** So the purposes for the appointment is to undertake a specified thing, that is conduct an inspection of the blocks by the bodies named in the application in Schedule 1 for the reasons specified in the application. The order is made because conducting the inspections would assist the Māori Trustee ascertain damage caused by Cyclone Gabrielle and the Māori Trustee may either undertake those inspections themselves or they may engage professionals as outlined in section 183(6).

**Greg Shaw:** Thank you your honour.

**Court:** I would also like to set out an additional purpose which is to complete reports based on those inspections by the Māori Trustee and/or professionals

engaged by that office, for filing in the Court and to provide such to any other agency charged with exercising duties to assist the owners in recovery efforts to ensure land production.

**Greg Shaw:** Yes your Honour I think we would intend to bring that information to the Court's attention. If I could just...

**Court:** Can I just finish these orders. This is the order that I intend to make. It is conditional on no owner attempting to prevent entry onto any block. If at any point an owner attempts to do so the Māori Trustee is to desist from entry as are any of her agents, staff or professionals commissioned to do any assessments.

**Greg Shaw:** Thank you your Honour.

**Court:** What were you going to say Mr Shaw?

**Greg Shaw:** I just wanted to say in the application filed I've mentioned the intention was to begin inspections next week and your Honour we've been working very hard to do that. However, the number of inspections has grown substantially with the inclusion of the unadministered land, which is approximately 680 blocks. In fact, it's over doubled the amount of inspection work and as a consequence its slightly complicated the organisation of the work. I can advise your Honour we are looking at potentially that maybe the work may commence the following week at this stage.

**Court:** That's okay, I haven't put a time limit on the order.

**Greg Shaw:** No your Honour, I just wanted to make sure that I had corrected myself in terms of the information I put in the application.

**Court:** But I will direct the Māori Trustee to give the Court an update within two months.

**Greg Shaw:** Yes your Honour, that was one of the other points I wanted to raise with you which is, at this stage it is quite difficult to assess how long this will take given the amount of blocks. We would be looking at, we think, at least two to three months and so we would look to give you a short update on how we are tracking in a couple of months if that helps?

**Court:** It does.

**Greg Shaw:** The other thing I wanted to note your Honour, although we have indicated the costs would not fall on the owners of these lands, I would like to make it clear that at this point in time the Māori Trustee hasn't received confirmation of funding by the Crown for this work, nevertheless, we are proceeding. We don't believe we can just delay any further to begin this work, but I want to make it clear to the Court that at this stage the funding hasn't been secured for that additional work, we're hopeful that it will be. However, if there was a delay in resolving the issue of funding that may delay the carrying out of the work at some stage, but we'll keep your honour and the Court updated on that.

**Court:** Thank you I appreciate that.

**Greg Shaw:** Your Honour you would have received schedule 2 which attempts to summarise how we've looked to cluster these blocks for the purposes of carrying out physical inspections. If you had any questions on that Mr Eadie, our Corporate Services Director, would be able to share his screen and to take you through any questions you might have on that, if not, we are just happy to leave it with your honour.

**Court:** I have no questions. I have seen it before, and I am very pleased to see that you've been able to identify the blocks that have been impacted so well. I don't have any questions on it thank you.

**Greg Shaw:** Thank you your honour.

**Court:** The two months report is something I look forward to. Good on you for taking the initiative like this. To advise the owners about what's happening, are you able to advertise in the Gisborne Herald and the Hawke's Bay equivalent that you've been appointed agent to the blocks and if any owners have any objections to contact the Court.

**Greg Shaw:** Gisborne Herald and the Hawke's Bay equivalent, I think that we're able to do that your Honour.

**Court:** So if anybody objects either to you or the Court, they can write either to you or to the Court, then we can just remove their block.

**Greg Shaw:** Thank you your honour.

**Court:** Well good luck. Karakia whakamutunga.

**The foregoing orders to issue without delay pursuant to rule 7.5(2)(b) of the Māori Land Court Rules 2011.**
